### Information Technology Program Course Sequence - Based on Prerequisites

*Note: This is a suggestion and may not apply to every case. Individual sequences may differ. Talk to your advisor or the IT program coordinator for additional information. Students entering this program will need to have basic computer skills such as would be obtained through CIS 100 (Introduction to Computers) or equivalent.\* Underlined, italicized courses are only required for the Electronic Commerce option, but may be used as technical electives for other options.*
